

Accu-Lube® Replacement Reservoirs

FEATURES

- Available in several sizes ranging from 16oz (original size) up to 1 gallon
- Low-level switch for integration into machine controls
- Clear housing allows for maximum visibility of fluid level
- Top vent to eliminate vapor-lock
- Lightweight polycarbonate construction

APPLICATIONS

- Where delivery of precise amounts of lubricant to any externally-lubricated application is needed, such as:
 - Milling
 - Drilling
 - Sawing (band & circular)
 - Turning
 - Tapping

DIRECTIONS

See Accu-Lube Box Applicator installation instructions for installation of replacement MQL fluid reservoirs

HANDLING

Follow standard industrial hygiene practices for handling plastic reservoir and fittings.

STORAGE

Keep in original packaging until ready to install to avoid losing/misplacing fittings or other parts.

DISPOSAL

Dispose of in accordance with local regulations.
