## PROPERTIES

|                                    |                                                             |
|------------------------------------|-------------------------------------------------------------|
| <b>Appearance / Physical State</b> | Liquid saturated on wipe                                    |
| <b>Odor</b>                        | Orange.                                                     |
| <b>pH Value</b>                    | 4 - 8                                                       |
| <b>Flash Point</b>                 | >212°F (>100°C)                                             |
| <b>Water Solubility</b>            | Miscible                                                    |
| <b>Specific Gravity</b>            | 0.99 - 1.03                                                 |
| <b>VOC Content</b>                 | 0 % per U.S. State and Federal Consumer Product Regulations |

## DIRECTIONS

**FOR DISPENSING:** Remove lid from container. From center of towel roll, pull up a towel corner, twist into a point and thread through the X hole in the underside of the lid. Pull towel through about one inch. Replace lid on container, ensuring a secure fit. Pull out the first towel and snap off at 90° angle. Remaining towels feed automatically for next use. Always reseal hinged cap after each use to insure moisture retention.

**FOR USE:** Open and unfold cleaning towel to full size. Use abrasive side to scrub and instantly clean soiled hands. No need to rinse or dry hands.

## HANDLING

Avoid contact with eyes. Do not smoke. Handle in accordance with good industrial hygiene and safety practice.

## STORAGE

Keep container closed when not in use. Keep container tightly closed in a dry and well-ventilated place. Keep away from heat and sources of ignition. Do not contaminate food or feed stuffs. Keep out of the reach of children.

## DISPOSAL

Dispose of in accordance with local regulations. Do not re-use empty containers. Do not flush.
